ANNEX 2: Sustainability actions after the end of the AGREEN project:

Following the signing of the AGREEN Alliance Partnership Memorandum and the establishment of the AGREEN Alliance, the project partners commit themselves to sustain actions after the project end and to continue to contribute to the goals outlined by the AGREEN project by implementing the following post-project sustainability actions according to their capacity and possibilities:

- The AGREEN project website (<https://agreen-project.eu/>) will be maintained by the LP at least 5 years after the end of the project. The website is available in English language and all partners' languages: Bulgarian, Romanian, Turkish, Georgian, Armenian and Greek.
- The AGREEN project Internet platform (<https://agreen-project.eu/>) will be available at least 5 years after the end of the project
- Partners will continue to provide news in EN and national languages on topics related to the project for uploading on the project website - 5 news per year on a project scale (also information from partners' website)
- Partners will continue to attract new members of the AGREEN COP and Alliance
- Partners will continue to provide information for new logistic centers to be presented in the Interactive map or facilitate the contacts with interested centers or other interested parties to provide information regarding including their center in the map
- Partners will present the AGREEN project and its results and deliverables during national/international events (organized or attended by the them) on similar or related topics (presentations, leaflets distribution, video, publications, bulletins, interviews, etc.) - min. 1 event per year on a project scale
- Partners will continue to provide to the target groups/interested persons an access to mentorship and expert support in practicing sustainable agriculture through the AGREEN COP and the established contact points
- Partners will maintain a sustainable cooperation through the mechanisms built in the frame of the project and seek for new opportunities for joint projects and actions towards promotion of CSA.
